

Swedish Ministry of Sustainable Development and the Swedish Energy Agency and had lunch at the Prime Minister's Office. The

both European and developing country

According to a number of the Fellows, such a levy should be used to further replenish the Adaptation Fund. Some of them also raised the potential problem concerning the acceptability of such a levy

CERs (particularly in the absence of the US) to address these emissions adequately on its own. In short *there has to be (additional) domestic action in the large developing country emitters*

List of Fellows and Participants in 2006 ecbi Oxford Fellowship Activities

Name	Surname	Ecbi*	Country	Designation
------	---------	-------	---------	-------------

Caroline	Dickson	SE	Sweden	Head of Section	Ministry of Sustainable Development
Anna	Forsgren	SE	Sweden	Head of Section	Ministry of Sustainable Development
Phillipe	Meunier	SE	Sweden	General Secretary	Ministry of Ecology and Sustainable Development
Mattias	Nordstrom	SE	Sweden	Research Associate	

Appendix: Session Feed-back

After each half-

Capacity Building/Technology transfer:

The importance of South-South and North-South cooperation to build capacity building in developing countries.

✦ [Ins](#)

More cap strengthening.
demonstration projects = LDC's/Africa?
EU/AI commitment/declaration to CDM = LDC's/Africa.
CDM = context of host-2012
cannot solve problem.
Bigger context/flanking instruments?
