## GLOBAL STOCKTAKE

Ana Villalobos

Lead Negotiator for Costa Rica

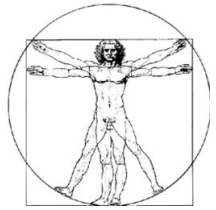

for sustained capacity building in support of international climate change negotiations  
pour un renforcement durable des capacités en appui aux négociations internationales  
sur les changements climatiques

## Article 14 (Paris Agreement)

### Objective:

1. The Conference of the Parties serving as the meeting of the Parties to this Agreement shall periodically take stock of the **implementation** of this Agreement to assess the collective progress towards achieving the purpose of this Agreement and its long-term goals (referred to as the "global stocktake"). It shall do so in a comprehensive and facilitative manner, considering mitigation, adaptation and the means of implementation and support, and in the light of equity and the best available science.

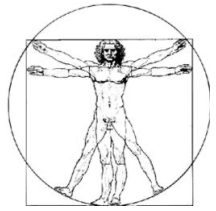

2. The Conference of the Parties serving as the meeting of the Parties to this Agreement shall undertake its first global stocktake **in 2023 and every five years thereafter** unless otherwise decided by the Conference of the Parties serving as the meeting of the Parties to this Agreement.

ecbi

## Article 14 (Paris Agreement)

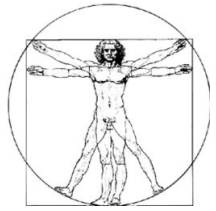

### Purpose:

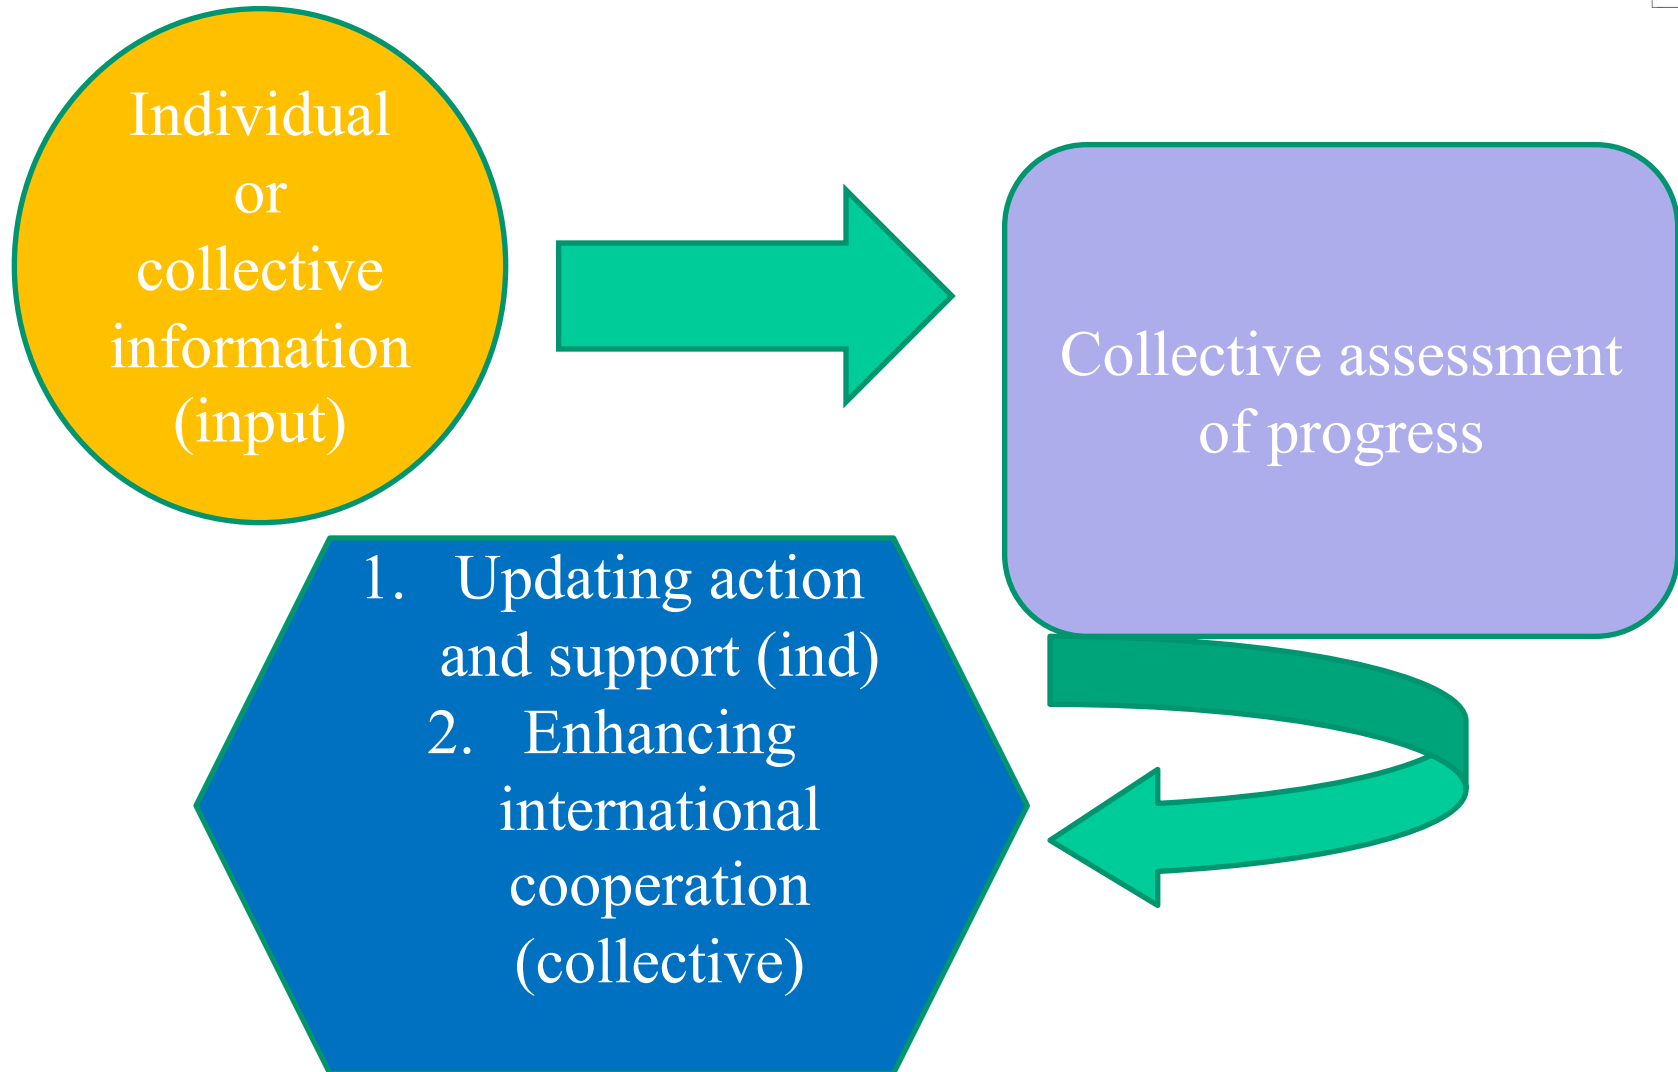

ecbi

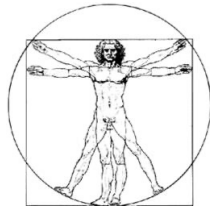

3. The outcome of the global stocktake shall inform Parties in updating and enhancing, in a nationally determined manner, their actions and support in accordance with the relevant provisions of this Agreement, as well as in enhancing international cooperation for climate action.

# HOW:

ecbi

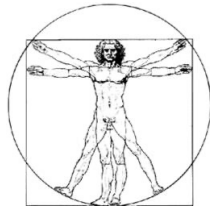

ecbi

Backward looking: take stock  
of the implementation (14.1)

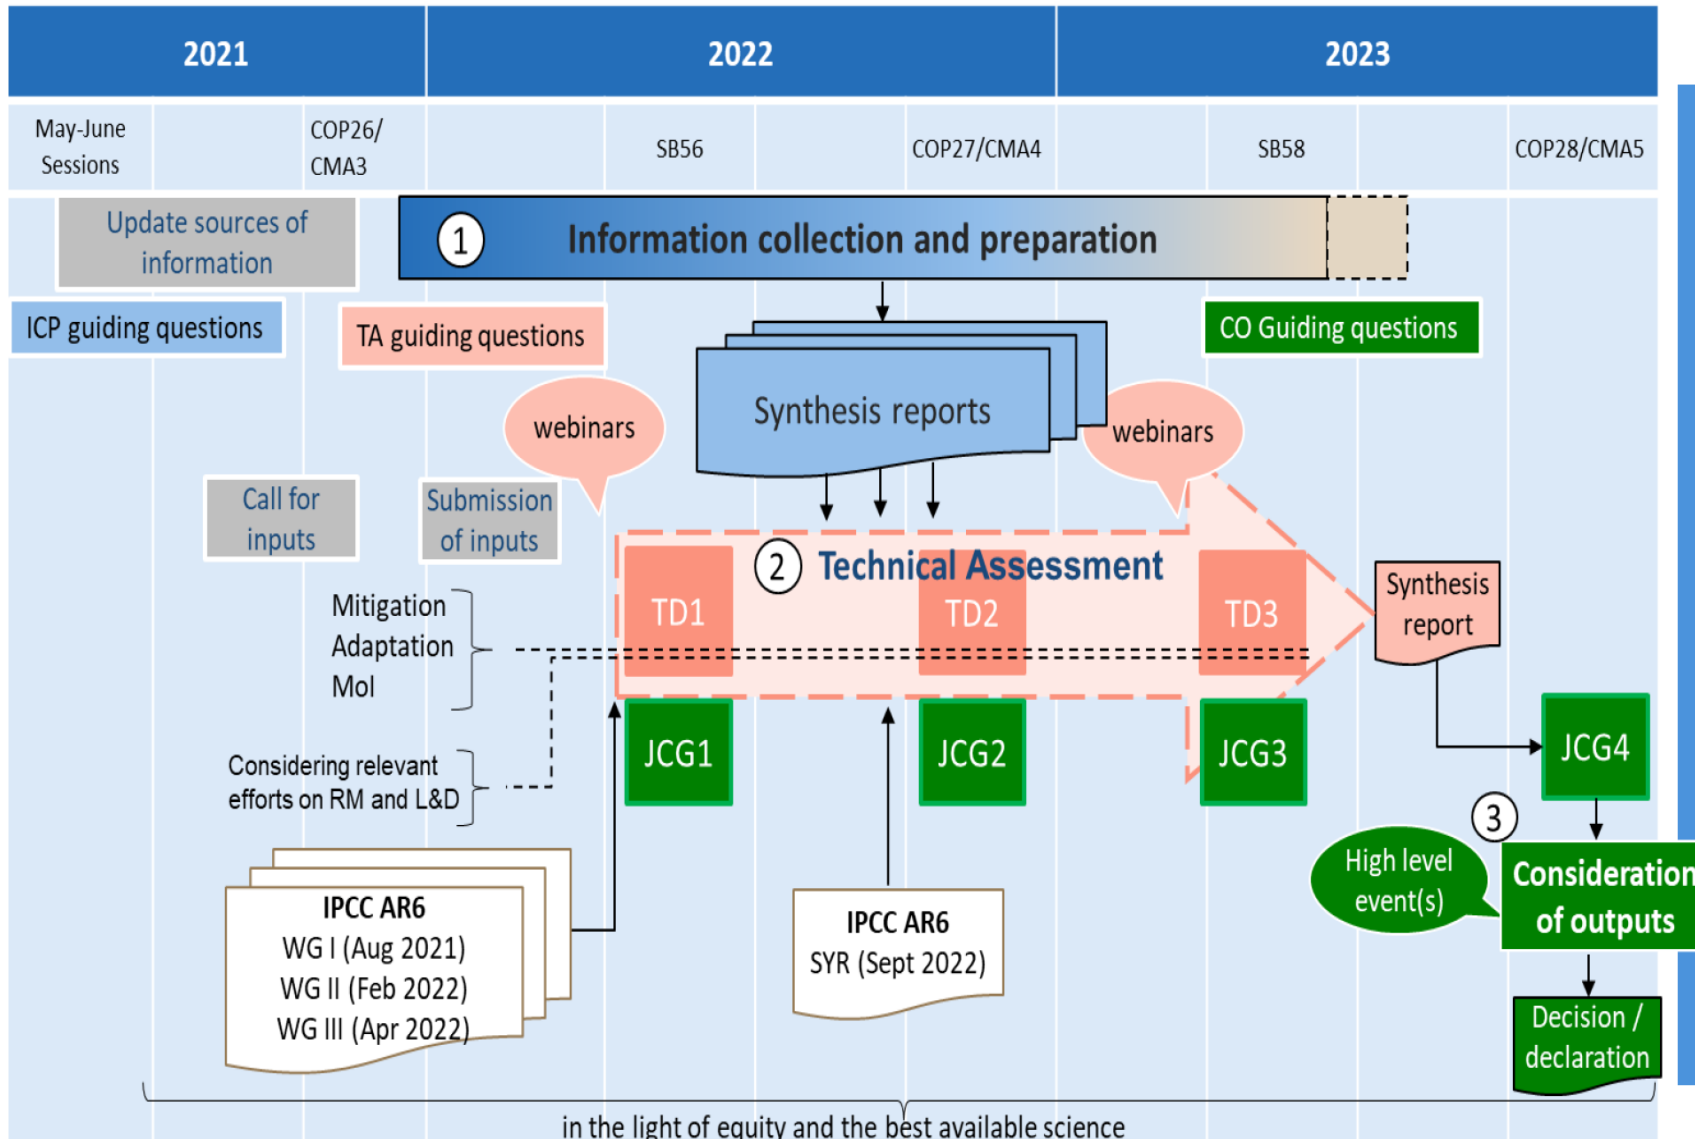

Forward looking: updating  
and enhancing (14.3)

Course  
correction

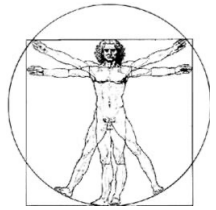

# Timeline

ecbi

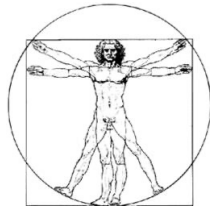

# Three Components of the GST

ecbi

1. The CMA decided (decision 19/CMA.1, paragraph 3) that the GST will consist of three components:
  - a. **The information collection and preparation component**, focusing on gathering, compiling and synthesizing information and preparing for conducting the technical assessment;
  - b. **The technical assessment component**, “focusing on taking stock of the implementation of the Paris Agreement to assess the collective progress towards achieving the purpose and long-term goals of the Paris Agreement, as well as opportunities for enhanced action and support to achieve its purpose and goals”;
  - c. **The consideration of outputs component**, “focusing on discussing **the implications of the findings of the technical assessment** with a view to achieving the outcome of the global stocktake of informing Parties in updating and enhancing, in a nationally determined manner, their actions and support, in accordance with relevant provisions of the Paris Agreement, as well as in enhancing international cooperation for climate action”.

## Technical assessment component

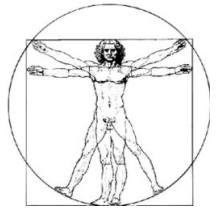

ecbi

**The technical assessment component** will end at the 58<sup>th</sup> session of the SBs, at which the third technical dialogue will take place.

This component includes **technical dialogues and Joint Contact Groups**, held during the three SB sessions preceding the consideration of outputs. The dialogues will be facilitated by two co-facilitators, each from a developing and developed country, and will be guided by questions developed by the SBSTA and SBI Chairs on each thematic area and cross-cutting issues.

## Thematic Areas of the Dialogue

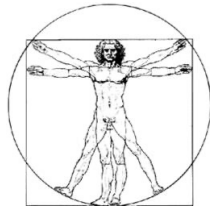

ecbi

Organize its work in line with taking stock of the implementation of the Paris Agreement to assess the collective progress towards achieving its purpose and long-term goals, including under Article 2, paragraph 1(a-c), in the thematic areas of mitigation, adaptation and means of implementation and support, noting, in this context, that the global stocktake may take into account, as appropriate, efforts related to its work that:

- (i) Address the social and economic consequences and impacts of response measures;
- (ii) Avert, minimize and address loss and damage associated with the adverse effects of climate change;

## Technical assessment component

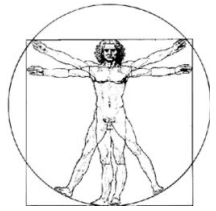

ecbi

The two co-facilitators that will facilitate the technical dialogue will be responsible for conducting the dialogue “and for preparing **a factual synthesis report and other outputs of the technical assessment**, with the assistance of the secretariat”.

The co-facilitators of the technical dialogue will summarize **its outputs in summary reports**, taking into account equity and the best available science, for each thematic area referred to in paragraph 6(b) and **an overarching factual synthesis of these reports** in a cross-cutting manner”.

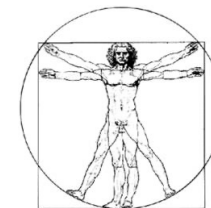

## Outputs of the technical component to be considered in the consideration of outputs component

ecbi

- a. Outputs of the technical dialogue: factual synthesis report and other outcomes prepared by the co-facilitators.
- b. The thematic summary reports prepared by the co-facilitators;
- c. The overarching, factual and cross-cutting synthesis of the thematic summary reports, all of them prepared by the co-facilitators.

## Objective of the Consideration of the outputs of the technical component:

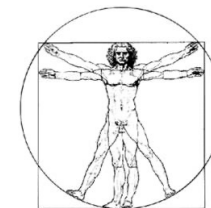

ecbi

Paragraph 34 (a) and (b) of decision 19/CMA.1 provides some guidance on the content of these outputs

“(a) Identify **opportunities** for and **challenges** in **enhancing action and support for collective progress** in relation to the thematic areas of the global stocktake referred to in paragraph 6(b) above, as well as **possible measures and good practices** and **international cooperation and related good practices**”; (b) Summarize **key political messages**, including **recommendations** arising from the” high-level events **“for strengthening action and enhancing support”**.”

## Consideration of the outputs of the technical component:

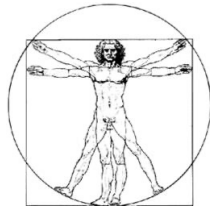

ecbi

Paragraph 33:

Decides that the **consideration of outputs** will consist of **high-level events where the findings of the technical assessment will be presented and their implications discussed and considered by Parties**, and that the events will be chaired by a high-level committee consisting of the Presidencies of the Conference of the Parties serving as the meeting of the Parties to the Paris Agreement and the Chairs of the Subsidiary Body for Scientific and Technological Advice and the Subsidiary Body for Implementation;

## Consideration of the outputs component (technical assessment)

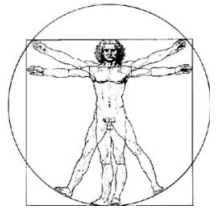

ecbi

The consideration of outputs component (outputs of the technical component) will take place during CMA5 (decision 19/CMA.1, paragraph 8).

**What do we do with the consideration of the outputs of the outputs component?**

The sky is the  
limit...

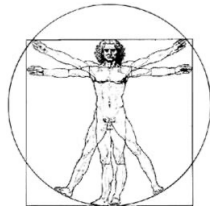

ecbi

**DRAFT TEXT on SBSTA 58 agenda item 8 SBI 58 agenda item 7 Matters relating to the global stocktake under the Paris Agreement Version 9/6/2023 19:00**

***Informal note by the Co-Chairs***

- Reiterate importance of the GST in achieving the purpose and long-term goals of the Paris Agreement
- Appreciation to TD CFs for TD1.2 summary report, information note for TD1.3 and informal consultations on them
- Appreciation to TD CFs and all actors for the third and final TD meeting
- Request to TD CFs for TD1.3 summary report by mid-August and factual synthesis report by early September
- Acknowledge need to continue preparation for Consideration of Outputs component in accordance with 19/CMA.1
- Appreciate the discussions/exchanges during the 27-28 April consultation
- (Placeholder for update from High-Level Committee on 13 June)
- (Placeholder on draft structure for CMA5 Decision)
- Oct workshop: Recall SB57 conclusions on October workshop
  - Call for submissions by Parties + NPS by mid-September on elements of CMA5 decision
  - Secretariat under the guidance of the SB Chairs to synthesize submissions and issue an informal note three weeks before the workshop

## INFORMAL NOTE on SBSTA 58 agenda item 8 SBI 58 agenda item 7 Matters relating to the global stocktake under the Paris Agreement Version 9/6/2023 19:00

### *Informal note by the Co-Chairs*

This informal note has been prepared by the co-chairs of the negotiations on this agenda item under their own responsibility based on the deliberations by Parties at this session. The draft elements contained in this note are preliminary and should not be considered as final in any way; they are offered as a basis for work and do not prejudice further work or prevent Parties from expressing their views in the future.

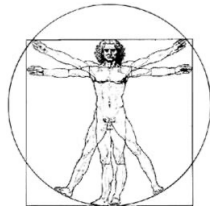

#### *A. Preamble:*

- Recall the Paris Agreement, including Art 14; relevant decisions, including 19/CMA.1; and principles, including CBDR-RC
- ...

#### *B. Context:*

- Progress towards achieving the purpose and long-term goals of the PA (PA Arts 2.1a-c & 7.1)
- Critical decade relating to keeping 1.5 within reach and urgency
- Sustainable development
- ...

ecbi

**INFORMAL NOTE on SBSTA 58 agenda item 8 SBI 58 agenda item 7 Matters relating to the global stocktake under the Paris Agreement Version 9/6/2023 19:00**

**C. Collective gaps and progress**

**C.1. Overarching messages**

**C.2. Mitigation**

*i. Progress to date*

*ii. Response*

**C.3. Adaptation**

*i. Progress to date*

*ii. Response*

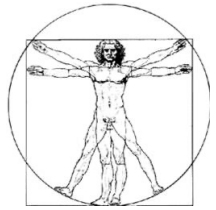

**C.4. Means of implementation and support (Arts 9, 10 and 11), and realignment of finance flows (Art 2.1c)**

*i. Progress to date*

*ii. Response*

**C.5. Additional/other elements:**

- *Response measures*

ecbi

## INFORMAL NOTE on SBSTA 58 agenda item 8 SBI 58 agenda item 7 Matters relating to the global stocktake under the Paris Agreement Version 9/6/2023 19:00

*i. Progress to date*

*ii. Response*

- Loss and damage

*i. Progress to date*

*ii. Response*

### **C.6. Cross-cutting**

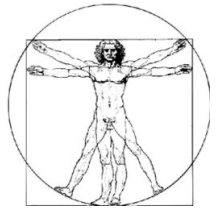

- Equity
- Best available science

### **D. Enhancement of international cooperation for climate action**

### **E. Follow-up/Way forward**

- Informing NDCs, NAPs, support,
- Guidance to processes and work programmes
- ...

# AILAC Outline:

ecbi

## **DRAFT OUTLINE AILAC (v. al 6/10/2023 13:00 pm)**

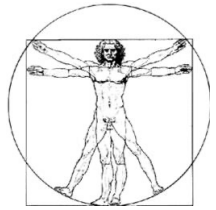

### **Preamble**

- Recall the principles and relevant articles of Paris Agreement
- Relevant decisions, including 19/CMA.1
- Multilateralism
- Welcome the first GST

### **A. Context**

- Equity and best available science
- Crucial role GST to achieve long term PA goals
- Critical decade relating to keeping 1.5 within reach and urgency (urgency of action)
- Sustainable development

# AILAC Outline:

ecbi

## **A. Collective progress and barriers and gaps on long term goals of PA**

- Article 2.1a and 4.1
- Article 2.1b and 7.1
- Article 2.1c and 9, 10 and 11

## **D. High level global response and opportunities to enhance action and support.**

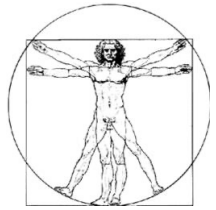

### **D.1. Mitigation (Arts. 2.1a and 4.1)**

- i. Challenges and action enablers
- ii. Recommendations on actionable solutions and systemic transformations

### **D.2. Adaptation (Arts 2.1b and 7.1)**

- i. Challenges and action enablers
- ii. Recommendations on actionable solutions and systemic transformations

# AILAC Outline:

ecbi

## **D.3. Means of implementation and support (Arts 9, 10 and 11), and realignment of finance flows (Art 2.1c)**

- i. Challenges and actions enablers
- ii. Recommendations

## **D.4 Loss and Damage**

- i. Challenges and actions enablers
- ii. Recommendations

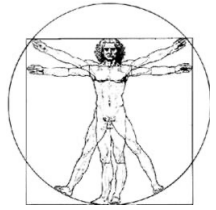

## **D.5 Response Measures**

- i. Challenges and enablers
- ii. Recommendations

## **D.6 Cross-cutting**

- Systems-wide approaches with synergies across all sectors
- Integrated perspectives linked to sustainable development and just transition

# AILAC Outline:

ecbi

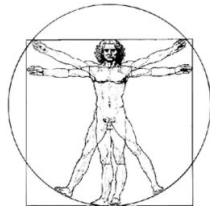

## **E. Enhancement of international cooperation for climate action**

### **F. Way forward**

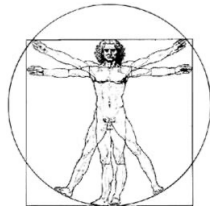

- Guidance on NDCs, LTEs, NAPs
- Linkages with Work Programmes (MWO, JTWP, GGA, others)
- Follow up process beyond COP28 to implement the outcome of the GST
- Key message to non-party stakeholders and to the constituted bodies of PA
- Looking forward to start of GST2 in 2026

## Questions:

1. How do we ensure the outcomes of the GST are comprehensive to Parties and non-Party stakeholders outside the process of the UNFCCC for domestic policy-making and for ensuring a guidance to enhance climate action and collaboration inside and outside the UNFCCC?
2. Would the exercise of the GST take us from the assessment of the implementation to an assessment of the agreement itself? Could we consider this as an outcome (recommendation)?
